

YEARLY INDEX TO THE BLAST FURNACE AND STEEL PLANT

January to December, 1924

Accidents in Handling Materials, Elimination of.....	April	191	Drawn Parts, Selecting Materials for.....	May	239
Achievements, Engineering, by H. W. Copes.....	Jan.	29	Dry Cleaning Blast Furnace Gas, by George B. Cramp.....	Feb.	101
Air in Pipes, Flow of Gas or, by Franklin H. Smith.....	Oct.	448	Earth's Center, Steam from.....	April	213
Alloys, Chromium, Its Uses and Its, by Walter M. Mitchell.....	Aug.	372	Economical Operation and Maintenance of Boiler Furnaces, by Robert June.....	May	251
Alloys, Chromium, Its Uses and Its, by Walter M. Mitchell.....	Oct.	452	Economical Operation and Maintenance of Boiler Furnaces, by Robert June.....	June	300
Alloys, Chromium, Its Uses and Its, by Walter M. Mitchell.....	Nov.	504	Educational Methods, Prevention of Accidents by, by Arthur Williams.....	June	269
Alloy Steel, Rolling, by Jens Clausen.....	Feb.	113	Efficiency, The Boiler, by Charles E. Colburn.....	Jan.	75
American Gas Association, Atlantic City, Optimism Pervades Convention, by F. J. Crolius.....	Nov.	490	Electrical Cleaning of Blast Furnace Gases, by N. H. Gellert.....	Sept.	423
America Safe for Americans by Machines, Keeping, by R. B. Williams.....	April	1	Electrical Industry During 1923, Developments in the, by John Liston.....	Jan.	25
A. S. T. M. Twenty-Seventh Annual Convention.....	June	288	Electrically Operated, Inland Steel, by F. J. Crolius.....	Feb.	90
Annual Banquet Engineers Society, Address by Elisha Lee.....	Feb.	94	Electric Furnace Development, by Frank Hodson.....	July	314
Atlantic Steel Co., A Southern Rolling Mill, by M. P. Lawton.....	June	291	Electric Heating of Sheet and Tin Mill Rolls, by Gordon Fox.....	Nov.	493
Attitude of Mind.....	Jan.	1	Electric Scrap Baling.....	Oct.	450
Benson Super-Pressure Steam Generator, Theory of the.....	Oct.	476	Electro-Metallurgical Applications, by J. L. McK. Yardley.....	Dec.	532
Bethlehem Trophy.....	Aug.	360	Element, The Human, by George M. Verity.....	Jan.	3
Bibliography of Manganese Steel, by E. H. McClelland.....	Dec.	548	Elimination of Accidents in Handling Materials.....	April	191
Birmingham Meeting of Mining and Metallurgical Engineers.....	Nov.	519	Enameled Ware Utensils, Manufacturing, by F. G. White.....	Feb.	124
Blast Furnace Boiler Plant, Unusual, by George G. Crawford.....	Jan.	77	Engineers Society, Annual Banquet, Address by Elisha Lee.....	Feb.	94
Blast Furnace Gas, Dry Cleaning, by George H. Cramp.....	Feb.	101	Engineering Achievements, by H. W. Cope.....	Jan.	29
Blast Furnace, Heat Balance of Bureau of Mines Experimental, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	April	200	Engineers' Society of Western Pennsylvania Moves into Larger Quarters.....	Oct.	462
Blast Furnace, Production of Iron in the, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	Jan.	35	Engine Starting Made Safe, Gas.....	Oct.	460
Blast Furnace Progress, by J. A. Mohr.....	Jan.	8	Equipment Manufacturers, With the.....	All issues	
Blast Furnace Slags, Color Classification of, by W. G. Imhoff.....	July	310	Equipments Shown at the Iron and Steel Exposition.....	Oct.	479
Blast Furnace Slags, Color Classification of, by W. G. Imhoff.....	Aug.	362	European Producer Practice, by C. H. S. Tupholme.....	Sept.	401
Blast Furnace, Reduction of Iron Ore in the, by P. H. Royster, T. L. Josephs and S. P. Kinney.....	Feb.	97	Examination of Steel by X-Ray, by L. C. Breed.....	Nov.	517
Boehler Steel, by Henry Obermeyer and Arthur L. Greene.....	June	281	Executives Convene at White Sulphur Springs, Sheet Steel.....	June	285
Boilers Behind Open Hearth Furnaces, Experiences with Waste Heat, by W. Schuster Donawitz.....	Oct.	474	Experience with Multiple-Feed, High Pressure Lubrication, by L. R. Humpton.....	May	236
Boiler Efficiency, by Charles E. Colburn.....	Jan.	75	Experiences with Waste Heat Boilers Behind Open Hearth Furnaces, by Schuster Donawitz.....	Oct.	474
Boiler Furnaces, Economical Operation and Maintenance of, by Robert June.....	May	251	Experimental Furnace Investigation; Significance of the Hearth, by Royster, Joseph and Kinney.....	Mar.	154
Boiler Furnaces, Operation and Maintenance of, by Robert June.....	June	300	Fireless Locomotive, A, by C. E. Colburn.....	Oct.	16
Boiler Furnace Walls, Reconstructing.....	Nov.	520	Flow of Gas or Air in Pipes, by Franklin H. Smith.....	Oct.	448
Boiler, The Mercury, by W. L. R. Emmet.....	July	343	Fluorspar, Its Occurrence and Its Production, by A. M. Michell.....	Jan.	54
Boiler Operations at High Ratings, by H. A. Reichenbach.....	Aug.	354	Flying Shears, Rotary.....	May	238
Boiler Plant, Unusual Blast Furnace—By George G. Crawford.....	Jan.	77	Foundry, Checking Up Losses in the, by L. C. Breed.....	Aug.	376
Boiler, The World's Largest Steam, by A. C. Blackall.....	Sept.	420	Furnace Developments, Electric, by Frank Hodson.....	July	314
Bonus, The Safety, by F. C. Gregory.....	Nov.	498	Furnace Progress, Blast, by J. A. Mohr.....	Jan.	8
Bolt Manufacture Simplified.....	Mar.	181	Furnace Investigation, Significance of the Hearth, Experimental, by Royster, Joseph and Kinney.....	Mar.	154
Boston Trading Center of New England.....	Sept.	429	Furnace Walls, Reconstructing Boiler.....	Nov.	520
Bulletins Obsolete, Are Your.....	Oct.	460	Gas or Air in Pipes, Flow of, by Franklin H. Smith.....	Oct.	448
Bureau of Mines Experimental Blast Furnace, Heat Balance of, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	April	200	Gas, Dry Cleaning Blast Furnace, by George H. Cramp.....	Feb.	101
Bureau of Mines, Safety Crusade, by H. Foster Bain.....	Mar.	148	Gas Engine Starting Made Safe.....	Oct.	460
Business, Politics and.....	Aug.	353	Gas Oven Industry in 1923, By-Product Coke and, by C. J. Ramsburg.....	Jan.	72
By-Product Coke and Gas Oven Industry in 1923, by C. J. Ramsburg.....	Jan.	72	Gas Producer Practice, by Waldemar Dyrssen.....	Jan.	58
By-Product Coke Oven Operations, Some Pointers on.....	All issues		Gas Producer Practice, by Waldemar Dyrssen.....	Feb.	117
By-Product Coke Plant, Weirton's New, by C. J. Hunt.....	Mar.	166	Gas Producer Practice, by Waldemar Dyrssen.....	Mar.	161
By-Product Coke Plant, Weirton's New, by C. J. Hunt.....	April	193	Gas Producer Practice, by Waldemar Dyrssen.....	June	271
Cahokia, a Masterpiece, by F. J. Crolius.....	April	466	Gas Producer Theory and Practice, by A. B. Huyck.....	Dec.	542
Carbonization, Coal, by Horace C. Porter.....	Oct.	466	Gases, Electrical Cleaning of Blast Furnace, by N. H. Gellert.....	Sept.	423
Car Dumper, Union Electric Light Company, Gondola, by E. H. Kidder.....	Feb.	127	Generator, Theory of the Benson Super-Pressure Steam.....	Oct.	476
Car Upkeep, Reducing Open Hearth, by C. L. Newby.....	July	331	Germany, High Pressure Steam in, by Fr. Heller.....	July	345
Checking Up Losses in the Foundry, by L. C. Breed.....	Aug.	376	Germany, The Present Situation in, by Hubert Hermanns.....	Feb.	104
Chicago Points with Pride, by F. J. Crolius.....	Jan.	18	Gondola Car Dumper, Union Electric Light Company, by E. H. Kidder.....	Feb.	127
China's Second Rolling Mill, by H. C. Fleming.....	April	187	Great Clearing House of New Information.....	Oct.	476
Christmas at Colorado Fuel & Iron.....	Dec.	531	Guard, Highway Safety.....	Feb.	107
Chromium, Its Uses and Its Alloys, by Walter M. Mitchell.....	Aug.	372	Guards, Their Use and Abuse, by S. J. Williams.....	July	329
Chromium, Its Uses and Its Alloys, by Walter M. Mitchell.....	Oct.	452	Handling Materials, Elimination of Accidents in.....	April	191
Chromium, Its Uses and Its Alloys, by Walter M. Mitchell.....	Nov.	504	Hangers, Spacing of Pipe Supports and, by Franklin H. Smith.....	Jan.	51
Classification of Blast Furnace Slags, Color, by W. G. Imhoff.....	July	310	Health Work Pay the Employer, Does Industrial? by H. L. Williams.....	Dec.	546
Classification of Blast Furnace Slags, Color, by W. G. Imhoff.....	Aug.	362	Heat Balance of Bureau of Mines Experimental Blast Furnace, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	April	200
Cleaning of Blast Furnace Gases, Electrical, by N. H. Gellert.....	Sept.	423	Heating Pair, by W. C. Buell, Jr.....	Feb.	122
Clearing House of New Information, Great.....	Oct.	476	Heating Pair, by W. C. Buell, Jr.....	Mar.	159
Coal Carbonization, by Horace C. Porter.....	Oct.	466	Heating Pair, by W. C. Buell, Jr.....	April	188
Coal Storage, Scientific.....	Sept.	418	High Ash in Coal, Wastefulness of, by R. H. Sweetser.....	Feb.	103
Coke and Gas Oven Industry in 1923, By-Product, by C. J. Ramsburg.....	Jan.	72	High Pressure Lubrication, Experience with Multiple-Feed, by L. R. Humpton.....	May	236
Coke Plant, Weirton's New By-Product, by C. J. Hunt.....	April	193	High Pressure Steam in Germany, by Fr. Heller.....	July	345
Colorado Fuel & Iron, Christmas at.....	Dec.	531	Highway Safety Guard.....	Feb.	107
Colorado Fuel, Joint Representation at.....	Mar.	141	Homestead, Motorizing Structural Mill at, by S. S. Wales.....	Jan.	38
Completely Modern Indian Furnaces.....	Sept.	398	Human Element, The, by George M. Verity.....	Jan.	3
Complete Modern Ore Bin System.....	Jan.	43	Iron in the Blast Furnace, Production of, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	Jan.	35
Connaut Harbor, Mighty Machines at.....	Oct.	444	Iron Ore in the Blast Furnace, Reduction of, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	Feb.	97
Construction vs. Destruction.....	Nov.	489	Iron Ore Reduction, Time Element in, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	May	246
Conventions.....	June	263	Iron and Steel Engineers, Pittsburgh Welcomes.....	Oct.	469
Convention, A. S. T. M. Twenty-Seventh Annual.....	June	288	Iron and Steel Exposition, Equipments Shown at the.....	Oct.	479
Convention, Steel Treathers.....	Sept.	427	Iron and Steel Industry, Present Day Developments in, by A. C. Blackall.....	Oct.	446
Correspondence, Unfinished.....	Oct.	443	Iron and Steel Literature for 1923, Review of, by E. H. McClelland.....	Jan.	13
Crusade, Safety.....	All issues		Iron and Steel, Pickling of, by V. S. Polansky.....	July	236
Current Technical Digest.....	All issues		Iron and Steel, Pickling of, by V. S. Polansky.....	Aug.	368
Cutting Corners in Material Handling, by A. J. P. Rapp.....	April	12	Iron and Steel, Pickling of, by V. S. Polansky.....	Sept.	431
Decision, An Important.....	July	309	Iron and Steel Review of 1923, by B. E. V. Luty.....	Jan.	5
Destruction, Construction vs.....	Nov.	489	Important Decision, An.....	July	309
Developments in the Electrical Industry During 1923, by John Liston.....	Jan.	25	Indian Furnaces, Completely Modern.....	Sept.	398
Developments in Metallurgy, by S. B. Goodale.....	Feb.	109	Industrial Transportation, by Russell B. Williams.....	Oct.	456
Device for Recording CO ₂ and CO Based on Physical Properties, Measuring, by R. Dueneckel.....	Sept.	422			
Digest, Current Technical.....	All issues				
Does Industrial Health Work Pay the Employer? by H. L. Williams.....	Dec.	546			
Dollar in Industry, The Pay-Roll, by S. F. Fannon.....	Nov.	500			
Don't Neglect the Practical Man.....	Sept.	397			

Influence of Ore Size on Reduction, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	June 274
Inland Steel Electrically Operated, by F. J. Crolus.....	Feb. 90
Inland Steel Co., Plant Two Power House, by F. J. Crolus.....	Mar. 140
Joint Representation at Colorado Fuel.....	Mar. 141
Joliet, Illinois, The Safety Crusade at.....	May 233
Keeping America Safe for Americans, by Machines, by R. B. Williams.....	April 1
Lehigh University, Metallography at, by H. B. Pulsifer.....	July 334
Locomotive Fire Bixes, One Piece Plate for.....	Dec. 557
Locomotive, A Fireless, by C. E. Colburn.....	April 16
Losses in the Foundry, Checking Up, by L. C. Breed.....	Aug. 376
Lubrication of the Automatic Stoker.....	Dec. 553
Lubrication, Experience with Multiple Feed, High Pressure, by L. R. Humpton.....	May 236
Machines at Conneaut Harbor, Mighty.....	Oct. 444
Machines, Keeping America Safe for Americans by, by R. B. Williams.....	April 1
Machines for Men, Substituting.....	May 219
Maintenance of Boiler Furnaces, Economical Operation and, by Robert June.....	May 251
Maintenance of Boiler Furnaces, Economical Operation and, by Robert June.....	June 300
Management, Power Plant, by Robert June.....	Feb. 134
Management, Power Plant, by Robert June.....	April 210
Manganese Steel, Bibliography of, by E. H. McClelland.....	Dec. 548
Manufacturing Enamelled Ware Utensile, by F. G. White.....	Feb. 124
Masterpiece, Cahokia a, by F. J. Crolus.....	April 7
Material Handling, Cutting Corners in, by A. J. G. Happ.....	April 12
Materials for Drawn Parts, Selecting.....	May 239
Material Handling Section.....	Mar. issue
Material Handling at Woodward, Alabama.....	May 225
Measuring Device for Recording CO ₂ and CO Based on Physical Properties, by R. Duencel.....	Sept. 422
Mechanical Stokers, by Robert June.....	Aug. 385
Mercury Boiler, The, by W. L. R. Emmet.....	July 343
Metallographic Specimens, Preparation of, by John D. Gat.....	Dec. 536
Metallography at Lehigh University, by H. B. Pulsifer.....	July 334
Metalloids in Basic Pig Iron in Basic Open-Hearth Practice, by C. L. Kinney, Jr.....	Jan. 45
Metalloids in Basic Pig Iron in Basic Open-Hearth Practice, by C. L. Kinney, Jr.....	Mar. 150
Metalloids in Basic Pig Iron in Basic Open-Hearth Practice, by C. L. Kinney, Jr.....	May 220
Metallurgical Applications, Electro, by J. L. McK. Yardley.....	Dec. 532
Metallurgy, Developments in, by S. B. Goodale.....	Feb. 109
Metals, The Science of, by Zay Jeffries and Robert Archer.....	Oct. 468
Midwest Coal, Underfeed Stokers and, by Joseph G. Worker.....	Mar. 176
Mighty Machines at Conneaut Harbor.....	Oct. 444
Mind, Attitude of.....	Jan. 1
Mining and Metallurgical Engineers, The Birmingham Meeting of.....	Nov. 519
Motorizing Structural Mill at Homestead, by S. S. Wales.....	Jan. 38
Multiple Feed, High Pressure Lubrication, Experience with, by L. R. Humpton.....	May 239
National Safety Meeting, Louisville, Kentucky.....	Nov. 497
New Measuring Device for the Recording of CO ₂ and CO Based on Physical Properties, by R. Duencel.....	Sept. 422
News of the Plants.....	All issues
Occurrence and Production of Fluorspar, by A. M. Michell.....	Jan. 54
One Piece Plate for Locomotive Fire Boxes.....	Dec. 557
Open-Hearth, The.....	All issues
Open-Hearth Car Upkeep, Reducing, by C. L. Newby.....	July 331
Open-Hearth Furnaces, Operation of, by Ulrich Peters.....	June 273
Open-Hearth Practice, Metalloids in Basic Pig Iron in Basic, by C. L. Kinney, Jr.....	Jan. 45
Open-Hearth Practice, Metalloids in Basic Pig Iron in Basic, by C. L. Kinney, Jr.....	Mar. 150
Open-Hearth Practice, Metalloids in Basic Pig Iron in Basic, by C. L. Kinney, Jr.....	May 220
Operations at High Ratings, Boiler, by H. A. Reichenbach.....	Aug. 354
Operation and Maintenance of Boiler Furnaces, Economical, by Robert June.....	May 251
Operation and Maintenance of Boiler Furnaces, Economical, by Robert June.....	June 300
Operation of Open-Hearth Furnaces, by Ulrich Peters.....	June 273
Optimism Pervades Convention American Gas Association, Atlantic City, by F. J. Crolus.....	Nov. 490
Ore Bin System, Complete Modern.....	Jan. 43
Ore Size on Reduction, Influence of, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	June 274
Pair Heating, by W. C. Buell, Jr.....	Feb. 122
Pair Heating, by W. C. Buell, Jr.....	Mar. 159
Pair Heating, by W. C. Buell, Jr.....	April 188
Pay-Roll Dollar in Industry, The, by S. F. Fannon.....	Nov. 500
Personals, Publications, Trade Notes.....	All issues
Pickling of Iron and Steel, by V. S. Polansky.....	July 326
Pickling of Iron and Steel, by V. S. Polansky.....	Aug. 368
Pickling of Iron and Steel, by V. S. Polansky.....	Sept. 431
Pig Iron in Basic Open-Hearth Practice, Metalloids in Basic, by C. L. Kinney, Jr.....	Jan. 45
Pig Iron in Basic Open-Hearth Practice, Metalloids in Basic, by C. L. Kinney, Jr.....	Mar. 150
Pig Iron in Basic Open-Hearth Practice, Metalloids in Basic, by C. L. Kinney, Jr.....	May 220
Pipe Supports and Hangers, Spacing of, by Franklin H. Smith.....	Jan. 51
Pittsburgh Welcomes Iron and Steel Engineers.....	Oct. 469
Planning Modern Stoker Installations, by Joseph G. Worker.....	Dec. 559
Plant News.....	All issues
Plant Two Power House: Inland Steel Co., by F. J. Crolus.....	Mar. 142
Plate for Locomotive Fire Boxes, One Piece.....	Dec. 557
Plate, Sheet and Tin.....	Feb. 122
Politics and Business.....	Aug. 353
Power Plant, The.....	All issues
Power Plant Management, by Robert June.....	Feb. 134
Power Plant Management, by Robert June.....	April 210
Power Field, Progress in the, by Barton R. Shover.....	Feb. 129
Power Show, Salient Features of the.....	Dec. 563
Practical Man, Don't Neglect the.....	Sept. 397
Precision Welding, by S. W. Mann.....	Jan. 81
Preparation of Metallographic Specimens, by John D. Gat.....	Dec. 536
Present Day Developments in Iron and Steel Industry, by A. C. Blackall.....	Oct. 446
Present Situation in Germany, by Hubert Hermanns.....	Feb. 104
President's Thrift Message, The.....	Feb. 89
Prevention of Accidents by Educational Methods, by A. Williams.....	June 269
Producer Practice, European, by C. H. S. Tupholme.....	Sept. 401
Producer Practice, Gas, by Waldemar Dyrssen.....	Jan. 58
Producer Practice, Gas, by Waldemar Dyrssen.....	Feb. 117
Producer Practice, Gas, by Waldemar Dyrssen.....	Mar. 161
Producer Practice, Gas, by Waldemar Dyrssen.....	June 271
Producer Theory and Practice, Gas, by A. B. Huyck.....	Dec. 542
Production of Fluorspar, Its Occurrence and, by A. M. Michell.....	Jan. 54
Production of Iron in the Blast Furnace, by P. R. Royster, T. L. Joseph and S. P. Kinney.....	Jan. 85
Production, Straight Line, by F. J. Crolus.....	May 226
Production, Woodward Iron Co. Straight Line, by F. J. Crolus.....	June 264
Progress, Blast Furnace, by J. A. Mohr.....	Jan. 8
Progress in the Power Field, by Barton R. Shover.....	Feb. 129
Ratings, Boiler Operations at High, by H. A. Reichenbach.....	Aug. 354
Real Safety Record, A.....	Jan. 63
Reconstructing Boiler Furnace Walls.....	Nov. 520
Reduction, Influence of Ore Size on, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	Feb. 97
Reducing Open Hearth Car Upkeep, by C. L. Newby.....	July 331
Reduction, Time Element in Iron Ore, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	May 246
Representation at Colorado Fuel, Joint.....	Mar. 141
Review of 1923, Iron and Steel, by B. E. V. Luty.....	Jan. 5
Review of Iron and Steel Literature for 1923, by E. H. McClelland.....	Jan. 13
Rolling Alloy Steel, by Jens Clausen.....	Feb. 113
Rolling Mill, Atlantic Steel Co., A Southern, by M. P. Lawton.....	June 291
Rolling Mill, China's Second, by H. C. Fleming.....	April 187
Rotary Flying Shears.....	May 238
Safety Bonus, The, by F. C. Gregory.....	Nov. 498
Safety Congress, Thirteenth Annual.....	Oct. 461
Safety Crusade, The.....	All issues
Safety Crusade at Joliet, Illinois, The.....	May 233
Safety Crusade of the Bureau of Mines, The, by H. Foster Bain.....	Mar. 148
Safety Guard, Highway.....	Feb. 107
Safety Meeting, Louisville, Kentucky, National.....	Nov. 497
Safety Record, A Real.....	Jan. 63
Salient Features of the Power Show.....	Dec. 563
Science of Metals, The, by Zay Jeffries and Robert Archer.....	Oct. 468
Scientific Coal Storage.....	Sept. 418
Scrap Baling, Electric.....	Oct. 450
Selecting Material for Draw Parts.....	May 239
Semi-Steel, by G. W. Gilderman.....	Nov. 526
Shears, Rotary Flying.....	May 238
Sheet and Tin Mill Rolls, Electric Heating of, by Gordon Fox.....	Nov. 493
Sheet and Tin Plate.....	Feb. 122
Sheet Steel Executives Convene at White Sulphur Springs.....	June 285
Sheet Steel Industry, by W. S. Horner.....	July 319
Sheet Steel Simplifications Ratified at Atlantic City.....	Nov. 508
Significance of the Hearth Experimental Furnace Investigation, by Royster, Joseph and Kinney.....	Mar. 154
Simplified, Bolt Manufacture.....	Mar. 181
Slags, Color Classification of Blast Furnace, by W. G. Imhoff.....	July 310
Slags, Color Classification of Blast Furnace, by W. G. Imhoff.....	Aug. 362
Southern Rolling Mill, Atlantic Steel Co., A, by M. P. Lawton.....	June 291
Spacing of Pipe Supports and Hangers, by Franklin H. Smith.....	Jan. 51
Steam Boiler, The World's Largest, by A. C. Blackall.....	Sept. 420
Steam from the Earth's Center.....	April 213
Steam in Germany, High Pressure, by Fr. Heller.....	July 345
Steel, Boehler, by Henry Obermeyer and Arthur L. Greene.....	June 261
Steel Exposition, Equipments Shown at the Iron and.....	Oct. 479
Steel Industry, Present Day Developments in the Iron and, by A. C. Blackall.....	Oct. 446
Steel Literature for 1923, Review of Iron and, by E. H. McClelland.....	Jan. 13
Steel, Pickling of Iron and, by V. S. Polansky.....	July 326
Steel, Pickling of Iron and, by V. S. Polansky.....	Aug. 368
Steel, Pickling of Iron and, by V. S. Polansky.....	Sept. 431
Steel Review of 1923, Iron and, by B. E. V. Luty.....	Jan. 5
Steel, Rolling Alloy, by Jens Clausen.....	Feb. 113
Steel Treaters' Convention.....	Sept. 427
Steel by X-Ray, Examination of, by L. C. Breed.....	Nov. 517
Stoker Installations, Planning Modern, by Joseph G. Worker.....	Dec. 559
Stoker, Lubrication of the Automatic.....	Dec. 553
Stokers, Mechanical, by Robert June.....	Aug. 385
Stokers and Midwest Coal, Underfeed, by Joseph G. Worker.....	Mar. 176
Straight Line Production, by F. J. Crolus.....	May 226
Straight Line Production, Woodward Iron Co., by F. J. Crolus.....	June 264
Structural Mill at Homestead, Motorizing, by S. S. Wales.....	Jan. 38
Substituting Machines for Men.....	May 219
Technical Digest, Current.....	All issues
Theory of the Benson Super-Pressure Steam Generator.....	Oct. 476
Thirteenth Annual Safety Congress.....	Oct. 461
Thrift Message, The President's.....	Feb. 89
Time Element in Iron Ore Reduction, by P. H. Royster, T. L. Joseph and S. P. Kinney.....	May 246
Tin Plate, Sheet and.....	Feb. 122
Trade Notes, Personals, Publications.....	All issues
Trading Center of New England, Boston.....	Sept. 427
Transportation, Industrial, by Russell B. Williams.....	Oct. 456
Trophy, Bethlehem.....	Aug. 360
Twenty-Seventh Annual Convention, A. S. T. M.....	June 288
Underfeed Stokers and Midwest Coal, by Joseph G. Worker.....	Mar. 176
Unfinished Correspondence.....	Oct. 443
Union Electric Light Company Gondola Car Dumper, by E. H. Kidder.....	Feb. 127
Unusual Blast Furnace Boiler Plant, by George H. Crawford.....	Jan. 77
Use and Abuse, Guards, Their, by S. J. Williams.....	July 329
Use and Its Alloys, Chromium, Its, by Walter M. Mitchell.....	Aug. 372
Uses and Its Alloys, Chromium, Its, by Walter M. Mitchell.....	Oct. 452
Uses and Its Alloys, Chromium, Its, by Walter M. Mitchell.....	Nov. 504
Utensils, Manufacturing Enamelled Ware, by F. G. White.....	Feb. 124
Wastefulness of High Ash in Coal, by R. H. Sweetser.....	Feb. 103
Weirton's New By-Product Coke Plant, by C. J. Hunt.....	Mar. 166
Weirton's New By-Product Coke Plant, by C. J. Hunt.....	April 193
Welding, Precision, by S. W. Mann.....	Jan. 81
With the Equipment Manufacturers.....	All issues
Woodward, Alabama, Material Handling at.....	May 225
Woodward Iron Co., Straight Line Production, by F. J. Crolus.....	June 264
World's Largest Steam Boiler, by A. C. Blackall.....	Sept. 420
X-Ray, Examination of Steel by, by L. C. Breed.....	Nov. 517
